Subject: Candidate to job offer

Dear Sir/Madam,

Texas Instrument 83 graphical calculator. On High School my parents had to buy me one (for school) and this little machine literally changed my life course. I could create programs in it, and instead of crunching numbers (in Math time) I started crunching instructions.... in a very passionate way.

That's how my passion about creating software began.

I am a quality-oriented developer who has been consistently praised as an efficient worker by my co-workers and management. Over the course of my career, I've developed a set of skills directly relevant to this role, including Full Stack Development and Customer Service. Overall, I have consistently demonstrated passion, communication, critical thinking, and teamwork skills in every aspect of my career, and I invite you to review my detailed achievements in the attached resume; where you can also check the development of several of my personal projects.

Due to this personal work I am now able to tackle a multitude of tasks related to Digital Creation all aspects of Internet Operation&Configuration, namely, creation of Maintainable Websites from the ground up, creation of Digital Communications Services, Server Configuration and Operation, Command Line Interface Programs (CLI), etc. .

Please contact me via email for the arrangement of a convenient meeting time.

Thank you.

Kind regards,

Daniel Alexandre Cerqueira Santos

Understanding the results

EFSET	1-30	31-40	41-50	51-60	61-70	71-100
CEFR	A1 Beginner	A2 Elementary	B1 Intermediate	B2 Upper Intermediate	C1 Advanced	C2 Proficient

Your level of English is **74/100** on the EF SET score scale and **C2 Proficient** according to the Common European Framework of Reference (CEFR). This score is calculated as an average of your reading and listening scores

Listening Section
74/100 C2 Proficient

You are comfortable in all situations that require full comprehension of spoken English; you are almost never confused or searching for the meaning of words and phrases. You understand nuances of expression and tone, humor and emphasis in all live theatrical presentations, films or broadcast presentations in English.

- Can understand with ease any kind of spoken language, even when delivered at fast native speed, provided with time to get familiar with any regional or other accent.
- Can understand lectures and presentations with a high degree of colloquialism, regional usage and unfamiliar terminology.

Reading Section
73/100 C2 Proficient

Your command of English allows you to read virtually any kind of text (factual, literary, technical) and accurately recognize and categorize style and tone. You can understand complex technical writing on unfamiliar subjects on a wide range of topics.

- Can read with ease virtually all forms of written language, including abstract, structurally or linguistically complex texts such as manuals, specialized articles and literary works.
- Can understand a wide range of long and complex texts, appreciating subtle distinctions of style, and implicit meaning.
